<u>Compliance to the conditions stipulated in the Environmental Clearance issued by Ministry of</u> <u>Environment, Forest & Climate Change vide letter no. J-11011/160/2015-IA II (I) dated 28th</u> <u>October 2016 for Grain Based Distillery plant (2 x 60 KLPD) along with Cogeneration Power plant</u> (2 x 2.5 MW) to Boudh Distillery Pvt. ltd., at Village Titerikata, Post Ramvikata, Tehsil <u>Harabhanga, District Boudh, Orissa</u>

Period of Report: September'2018 to March '2019

A. SPECIFIC CONDITIONS

S.No.	Specific Conditions	Compliance
i.	ESP along with stack of adequate height shall be provided to coal/biomass fired boiler to control particulate emission within 50 mg/Nm ³ .	We do here by confirm that ESP along with stack of 45 m to Coal / Biomass fired boiler has been provided to control Particulate Emission within 50 mg/Nm ³
ii.	Total fresh water requirement of 1200 m ³ /day will be met from Mahanadi water supply. No groundwater shall be extracted.	We do here by confirm that total fresh water requirement of 1200 m ³ /day will be met from Mahanadi river only. We also confirm that no groundwater will be used for process purposes.
iii.	Spent wash generation from grain-based distillery shall not exceed 6 KI/KI of alcohol. Spent wash shall be treated through decanter and concentrated in multi-effect evaporator (MEE) to form DWGS. DWGS will be sent to dryer to form DOGS. The condensate, spent lees and utilities effluent shall be treated in the ETP comprising tertiary treatment. Treated effluent will be used for make-up water of cooling towers and water quality of treated effluent shall meet the norms prescribed by CPCB/SPCB and recycle/reuse.	Noted and being Complied. The spent wash generation from distillery is below 6 KI/KL of alcohol. Spent wash is passing though decanter and concentrated in multi- effect evaporator (MEE) to form DWGS. The condensate & lees are also recycled and again sent back to process. Treated effluent is used for cooling towers.
iv.	Spent wash shall be stored in SS tank. The storage of spent wash shall not exceed 5 days capacity.	Noted and being complied.
v.	As proposed, no effluent from distillery shall be discharged outside the plant premises and Zero discharge shall be adopted. Water consumption shall be reduced by adopting 3 R's (reduce, reuse and recycle) concept in the process.	We do here by confirm that, no effluent from distillery is discharged outside the plant premises and Zero discharge practice is maintained. We also confirm to take necessary steps to reduce the water consumption by adopting 3 R's (Reduce, Reuse & Recycle).

S.No.	Specific Conditions	Compliance
vi.	Process effluent/any wastewater shall not be allowed to mix with storm water. Storm water drain shall be passed through guard pond.	We do here by confirm the process effluent / any wastewater is not allowed to mix with the storm water. Storm water is being passed through guard pond.
vii.	Adequate numbers of ground water quality monitoring stations by providing piezometers around the project area shall be set up. Sampling and trend analysis monitoring must be made on monthly a basis and report submitted to SPCB and this Ministry. The ground water quality monitoring for pH, BOD, COD, Chloride, Sulphate and total dissolved solids shall be monitored. Sampling and trend analysis monitoring must be made on monthly basis and report submitted to the Ministry's Regional Office at Bhubaneswar and SPCB.	We are not using ground water; Hence we have not installed Piezometers.
viii.	Continuous online monitoring (24x7) system to be installed within treatment plant and data to be uploaded to company's web site and also provided to respective Regional Office of MoEF&CC and concerned SPCB/CPCB.	We have completed commissioning of our Phase- I i.e Distillery Unit of 60KLPD and 2.5 MW Captive Power Plant test running started in June'2018 and after attending to all snags, the final commissioning/commercial production started from 1 st Sep'2018.Continuous online monitoring (24x7) system has been installed within treatment plant and data of treatment plant (ETP) is transmitted online to the server of Odisha State Pollution Control Board. Data will be uploaded in company's web site and will also be provided to MoEF&CC, Regional Office, and Bhubaneswar.
ix.	Bagasse storage shall be done in such a way that it does not get air borne or fly around due to wind.	Not applicable, as there is no Bagasse storage is envisaged in the project. We are using only coal.
х.	Boiler ash shall be stored separately as per CPCB guidelines so that it shall not adversely affect the air quality, becoming air borne by wind or water regime during rainy season by flowing along with the storm water. Direct exposure of workers to fly ash & dust shall be avoided. Bagasse ash and coal ash shall be stored separately.	Boiler ash Silo has been installed, ash is stored separately in Silo. Also, Proper care is taken to prevent direct exposure of workers to fly ash & dust. Boiler Ash is given to brick manufacturers. Pictures of Boiler Ash:

S.No.	Specific Conditions	Compliance
xi.	Fire-fighting system shall be as per the norms and cover all areas where alcohol is produced, handled and stored. Provision of foam system for fire-fighting shall be made to control fire from the alcohol storage tank. DMP shall be implemented.	Fire-fighting system has been installed as per the norms and all area is covered where alcohol is produced, handled and stored. Provision of foam system for fire-fighting has been made to control fire from the alcohol storage tank. A DMP (Disaster Management Plan) has been prepared.

S.No.	Specific Conditions	Compliance
xii.	Occupational health surveillance programme shall be undertaken as regular exercise for all the employees. The first aid facilities in the occupational health centre shall be strengthened and the regular medical test records of each employee shall be maintained separately.	Medical test records of each employee have been maintained separately. First aid boxes are provided in the plant premises. Forms 31 A which is related to Employee health record is been maintained for all the employees. Sample is appended to this report. Annexure-I:Sample Medical Records-Form No- 31 A
xiii.	Dedicated parking facility for loading and unloading of materials shall be provided in the factory premises. Unit shall develop and implement good traffic management system for their incoming and outgoing vehicles to avoid congestion on the public road.	Dedicated parking facility for loading and unloading of materials has been provided in the factory premises as well as outside the premises. We here by confirm to develop and implement good traffic management system for incoming and outgoing vehicles to avoid congestion on the public road.
xiv.	As proposed, green belt over 12 acre of the total project area shall be developed within plant premises with at least 10 meter wide green belt on all sides along the periphery of the project area, in downward direction, and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the DFO.	As proposed, green belt of 12 acre of the total project area has been developed within plant premises and more plantation are in process with at least 10-meter-wide green belt on all sides along the periphery of the project area, in downward direction, and along road sides etc. Selection of plant species has been made as per the CPCB guidelines in consultation with the DFO. Annexure-II: Pictures of Green Belt
xv.	All the commitments made during the Public Hearing/Public Consultation meeting held on 11 th March, 2016 shall be satisfactorily implemented and adequate budget provision shall be made accordingly.	Noted and this is ongoing process and being complied.
xvi.	At least 5 % of the total cost of the project shall be earmarked towards the Enterprise Social Commitment (ESC) based on local needs particularly village named Ramvikata and Titerikata and action plan with financial and physical breakup/details shall be prepared and submitted to the Ministry's Regional Office at Bhubaneswar. Implementation of such program shall be ensured accordingly in a time bound manner.	Noted and this is ongoing process and being complied.

B. GENERAL CONDITIONS

S.No.	General Conditions	Compliance
i.	The project authorities must strictly adhere to	Noted and being Complied. We are complying to
	the stipulations made by the State Pollution	the stipulations made by SPCB, State Govt. and

	approval of the Ministry of Environment and	
	Forests. In case of deviations or alterations in the project proposal from those submitted to	
	this Ministry for clearance, a fresh reference	
	shall be made to the Ministry to assess the	
	adequacy of conditions imposed and to add	
	additional environmental protection	
	measures required, if any.	
iii.	The locations of ambient air quality	Noted and being complied. NABL accredited
	monitoring stations shall be decided in	laboratory has already been given contract for
	consultation with the State Pollution Control	certification of ambient air quality report on
	Board (SPCB) and it shall be ensured that at	monthly basis. This report is been submitted on
	least one stations is installed in the upwind	monthly basis to OSPCB State office,
	and downwind direction as well as where	Bhubaneswar and Regional office, Sambalpur,
	maximum ground level concentrations are	Sample copy of the report is attached.
iv.	anticipated. The overall noise levels in and around the	
IV.	plant area shall be kept well within the	
	standards by providing noise control	
	measures including acoustic hoods, silencers,	We are maintaining noise level within the limit.
	enclosures etc. on all sources of noise	
	generation. The ambient noise levels shall	
	conform to the standards prescribed under	
	Environment (Protection) Act, 1986 Rules,	
	1989 viz. 75 dBA (day time) and 70 dBA (night	
	time).	
٧.	The Company shall harvest rainwater from	Noted and being complied. Twelve Nos. of rain water
	the roof tops of the buildings and storm water	harvesting pit has been provided at project Site to recharge the ground water.
	drains to recharge the ground water and use	Site to recharge the ground water.
	the same water for the process activities of	Annexure-III: Pictures of Rain Water Harvesting Structure
<u> </u>	the project to conserve fresh water.	
vi.		

S.No.	General Conditions	Compliance
	Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all	Noted and being Complied. Training on health & safety aspect is being conducted periodically and records are maintained.
	employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.	

S.No.	General Conditions	Compliance
vii.	Usage of Personnel Protection Equipment's (PPEs) by all employees/ workers shall be ensured.	Noted and being Complied. We have provided all kind of PPEs like Safety Shoes, Safety Helmets, Safety belts, Hand Gloves, Goggles, nose masks, ear Muffs etc
Viii.	The company shall also comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, risk mitigation measures and public hearing relating to the project shall be implemented.	 Noted and being Complied. Some of the measures taken: 1. We have set up ETP which is fully operational at the time of commencement of commercial production. 2. ESP is installed for abatement of air pollution. 3. Not using ground water for production. 4. Distillery spent wash is processed as cattle feed (DDGS) and sold as bye products. 5. Three layers of saplings planted in the boundary area to create a green belt.
viii.	The company shall undertake all relevant measures for improving the socio-economic conditions of the surrounding area. CSR activities shall be undertaken by involving local villages and administration.	Noted and will be complied. We have taken initiative to provide drinking water facility, computer education in neighbouring schools. We will also be entering into agreement with local ITI's, Provide scholarship to merit & poor students. We are discussing with Boudh District Education Officer for implementing CSR activity in different schools near our plant. Annexure-IV: Pictures of CSR Activities
ix.	The company shall undertake eco- developmental measures including community welfare measures in the project area for the overall improvement of the environment.	Noted and will be complied.

S.No.	General Conditions	Compliance
X.	A separate Environmental Management Cell equipped with full-fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions.	Noted and complied. Environment management committee has been framed to carry out the environmental management and monitoring system. We have set up a laboratory to check the parameters in effluent like PH, COD, BOD, TS, TDS, Conductivity, VA-Fatty Acid, Alkaline, Acidity, Hardness, Silica & turbidity etc. Environmental Management cell is headed by our Plant head. Meanwhile we are also giving training to our employees for in house management &
xi.	As proposed, the company shall earmark sufficient funds towards capital cost and recurring cost/annum to implement the conditions stipulated by the Ministry of Environment and Forests as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked, for environment management/ pollution control measures shall not be diverted for any other purpose.	monitoring of environment. Capital Cost for Environment Protection for proposed project : Rs. 13.0 Crores.
xii.	A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, ZilaParisad / Municipal Corporation, Urban local Body and the local NGO, if any, from who suggestions/ representations, if any, were received while processing the proposal.	Noted and complied.
xiii.	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the State Pollution Control Board. A copy of	Noted and is being complied. We have submitted the report for the below mentioned period: 1. Oct'2016 to Mar'2017 2. Apr'2017 to Sep'2017

S.No.	General Conditions	Compliance
	Environmental Clearance and six monthly compliance status reports shall be posted on the website of the company.	 Oct'2017 to Mar'2018 Apr'2018 to Sep'2018 Oct'2018 to Mar'2019
xiv.	The environmental statement for each financial year ending 31st March in Form-V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MoEE by e-mail	Noted and being complied. We have submitted Our Environmental Statement for the financial year ending 31 st Mar'2018, Annexure-V: Acknowledgement copy is attached .
XV.	respective Regional Offices of MoEF by e-mail. The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry at http://envfor.nic.in. This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in. the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.
