CEO's Note

Every day should be a day of learning, staying updated with industry practices, applying new insights to our work, and sharpening our ability to adapt to change.

I am honored to join as CEO, bringing with me over three and a half decades of experience, including 15 years in senior leadership roles managing multi-company operations across India and globally. My vision is to position our organization as a growth engine, **driving strategic investments across our nine verticals- ENA, Ethanol, DDGS-Animal Feed / Fish feed, CO₂, IMFL, Country Liquor, Bricks, and Horticulture; ensuring each stream contributes to sustainable expansion and profitability.** The Macro-economic scenario has opened up opportunities for BDPL like never before. We have an excellent opportunity to collaborate with European companies by leveraging the Trade deal signed by our Indian government recently.

Our success will be built on a culture of accountability, collaboration, and continuous learning. Each of us must take ownership, guide and motivate our teams, and embrace a mindset of curiosity and innovation. **Every day should be a day of learning, staying updated with industry practices, applying new insights to our work, and sharpening our ability to adapt to change.**

I believe in keeping a larger perspective: our business must not only generate income but also create opportunities for reinvestment, innovation, and long-term value creation. Together, we will strengthen our foundations, expand our horizons, and build resilience across all verticals.

This journey is not mine alone; it is ours. By working together as one team, by holding ourselves accountable, and by nurturing a spirit of collaboration and motivation, we will transform challenges into opportunities and ambitions into achievements.

Let us move forward with confidence, passion, and purpose, ensuring that our company stands as a benchmark of excellence in every industry we touch.

Sanjay Baral

Warm Regards

Lemme Black Rum Soaked Bread Pudding

INGREDIENTS

- **6-8 slices** White bread
- **2 cups** Full-fat milk
- **3 tbsp** Sugar
- **2 tbsp** Raisins & cashews
- **2-3 tbsp** Dark rum
- **1 tsp** Pure vanilla extract
- **as needed** Butter (for toasting)

METHOD

1. Toast the Bread

Butter a pan generously. Toast bread slices till golden on both sides, cut into chunky cubes, pile into a buttered baking dish.

2. Make the Custard

Warm milk with sugar and vanilla over low heat. Stir till dissolved. Don't boil. Cool slightly.

3. The Fun Part

Stir in the dark rum, raisins, and cashews. Taste. Add more rum if you want. We won't judge.

4. Soak & Bake

Pour custard over bread. Press gently. Bake at 180°C for 25–30 min till the top is burnished gold. Or steam for a silkier finish.

5. Eat Immediately

Spoon straight from the dish while warm. Caramel drizzle or vanilla ice cream? Both. Obviously.
