## Note from the Managing Director's Desk

**A**s we step into another vibrant quarter, let us remind ourselves of the powerful wisdom from the **Bhagavad Gita**—"Uddhared Atmanātmānam"—one by one's own efforts. **Any development begins with self-building.** If we aspire for a stronger, self-reliant organisation, we must first strengthen our own character, skills, and commitment to progress.

Let it be a time of renewed energy, clarity, and unwavering focus. Let's think big, act boldly, and commit deeply—not just to our roles, but to our shared vision of growth. In every challenge lies an opportunity to rise higher. In every effort, a chance to build something extraordinary.

Let's cultivate a culture where excellence is our habit, innovation our mindset, and integrity our foundation. Together, let's move forward—not just with intention, but with action. The time to grow is now. The time to rise is now.

Jai Hind !

## Safety First Always !

**March 4 to 10, 2025 | Boudh,  
Odisha**

BDPL observed the 54th National Safety Week, with a strong focus on awareness and preparedness.

During the week, labors took a safety pledge and were trained on essential practices such as fire safety and first aid. Special sessions were conducted by local police officials, who guided workers on emergency protocols and overall safety awareness. Attendees also explored various safety aids used across the plant. As a gesture of gratitude, BDPL felicitated the police officers for their valuable contribution and support.
